

WHISTLER BLACKCOMB AND VANCOUVER

Ski The #1 Ski Area in North America

Depart Grand Rapids on Saturday February 2, 2019 – Return Saturday, February 9, 2019
Optional Extension to Vancouver – February 9 - 12, 2019

<https://www.whistlerblackcomb.com/>

Whistler Blackcomb consistently rate as the #1 ski resort in North America based on its size and lift capacity. Within British Columbia's glacial climate and scenic beauty resides two mountains; Whistler and Blackcomb. The impressive 8,171 acres of accessible terrain is serviced by 37 lifts and the longest continuous lift system on the globe, PEAK 2 PEAK Gondola, which connects skiers and riders from Whistler to Blackcomb Mountains.

Holding the title of North America's largest ski resort, these two colossal mountains offer more than 200 marked trails that include in-bounds backcountry, wide-open glaciers, powder-filled bowls, secluded glades and perfectly groomed trails. Freestylers will find six terrain parks that accommodate beginners to elite athletes, including a 22' superpipe. Averaging 462 inches of snowfall each year, there's something for everyone at Whistler Blackcomb.

Whistler Village is like your home away from home, with added mountains. The Village is the central neighborhood of the town of Whistler, located at the base of both Whistler and Blackcomb Mountains. It is divided into several areas - the Village, Village North and Upper Village. All the areas are connected by the paved, pedestrian-only Village Stroll. There's always something to see and do and the sights and sounds change with the seasons making every visit new and exciting.
